INTEGRAL
MAINTENANCE
SERVICES

Mission

Be a trustworthy supplier in products, time and service, offering integral solutions to the industrial sector of Tijuana, and as a result generating higher profitability and competitiveness to our clients. Seeking success and improvement of the parts involved in all levels: employees, company and community.

General Services

- Inventory administration
- Equipment and spare parts
- Technical services for equipment maintenance and creation of policies.
- Precision machining
- Automation and integration
- 3D Prototyping
- CAD Design (2D and 3D)

IMS 2020 Vision

The company proposes itself for the year 2020, to become a leader company in Cali-Baja's industrial sector, through the reinforcement of the Client-Supplier relationship, the continuous improvement of our services and the accomplishment of ISO's 9001:2015 certifications.

Flame detectors

Graphs and pens

Humidistats

Motors

Pilots

Pyrometers

Potentiometers

Recorders

Thermopiles

Thermostats

Timers

Transformers

Transmitters

Valves for liquids and steam:

Motorized, mixers, divergent and 2-way

Valves for gas with actuator, and pilotstatics

Frequency inverters

SIEMENS

Full voltage starters

SIMATIC NET Industrial Communication

Contactors, bimetallic relays and motor protectors

SITOP power supply

Fuses

SIMATIC HMI user-machine interface

Monitors

All types of motors

Touch-screen screens

Industrial PC SICOMP

PLC

SIMATIC sensors

SIMATIC industrial automation systems

SIMATIC PCS7 process control systems

SIWAREX weighing system

SIMATIC TOP CONNECT pre-wired modular system

Frequency inverters

Plugs

Electrode holder heads

Level controls for pressure vessels, atmospheric tanks and cisterns

Full voltage starters

Buttons

Contactors, bimetallic relays and motor protectors

Pressure switches

Micro pressure switches

Signaling modules

PLC, modules

Capacitive and inductive sensors

Frequency inverters

Zelios

Speed variators

6000-10000 VCA Ignition
transformers

Full voltage starters

Soft starters

Temperature controllers

Frequency inverters

Filters and electrovalves

Flow meters

Butterfly and ball valves

Proximity switches:

Capacitive

Inductive

Photoelectric

Relays' bases

Electronic relays

8-pin and 11-pin encapsulated relays

Mini encapsulated relays

Counters

Temperature controllers

PT100 converters

Power supply

PLC Millenium II

Solid state relays

Timers

Counters

Temperature controllers

Power supply

Pulse generator

Inverters

Relays

Photoelectric proximity switches

Timers

FLUKE

Airmeter

Ammeter

Thermographic cameras

Phase rotation testers

Insulation gauges

Multimeter

Infrared thermometers

ARGOS
Innovación sin límites

THHW, POT, flexible, tough-use cables

Metallic cabinets

Cable ties, isolated terminals

Luminaires

Slotted gutters

Tubing accessories
