General Services

- Inventory administration
- Equipment and spare parts
- Technical services for equipment maintenance and creation of policies.
- Precision machining
- Automation and integration
- 3D Prototyping
- CAD Design (2D and 3D)

Mission

Be a trustworthy supplier in products, time and service, offering integral solutions to the industrial sector of Tijuana, and as a result generating higher profitability and competitiveness to our clients. Seeking success and improvement of the parts involved in all levels: employees, company and community.

IMS 2020 Vision

The company proposes itself for the year 2020, to become a leader company in Cali-Baja's industrial sector, through the reinforcement of the Client-Supplier relationship, the continuous improvement of our services and the accomplishment of ISO's 9001:2015 certifications.
